

# ESCAPE ARTIST

Use this grid to draw your family's emergency escape plan. With a bright crayon or marker, clearly show at least two exits out of each room.

**Share and practice your home escape plan with your family.**

For more home safety information, visit [www.loweshomesafety.org](http://www.loweshomesafety.org).

A large, empty grid is provided for drawing the family's emergency escape plan. The grid consists of 20 columns and 20 rows of squares.

Remember to show:

- All windows and doors
- Smoke alarms
- Two ways out of every room
- Family meeting place outside
