

Safety Rangers Say NO to Dangers

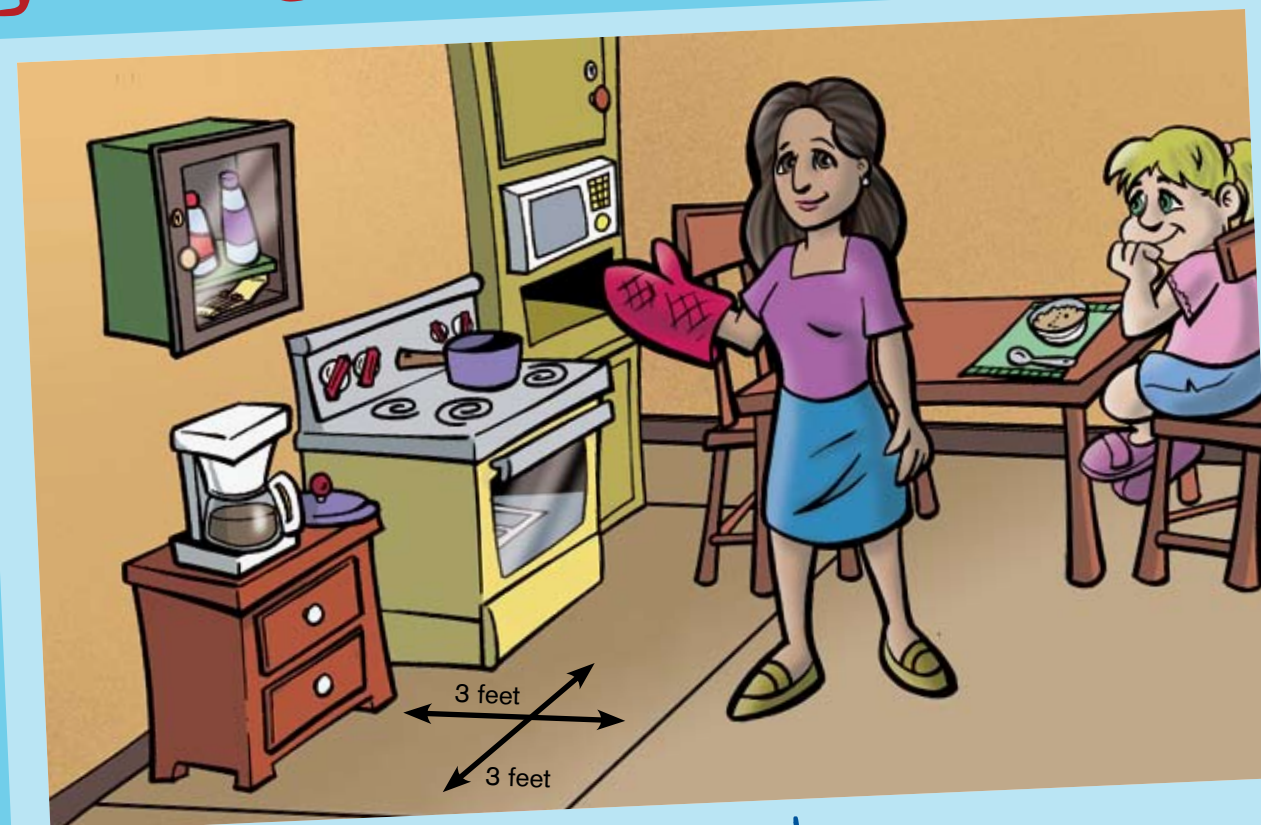

This family is being smart about safety. Read the notes and then use your Safety Ranger knowledge to write another safety tip about each picture.

Family Safety Photos from Safety Rangers Nick and Jenny

1 Our Living Room

Staircases should be well lit.
Emergency phone numbers should be posted by the phone.

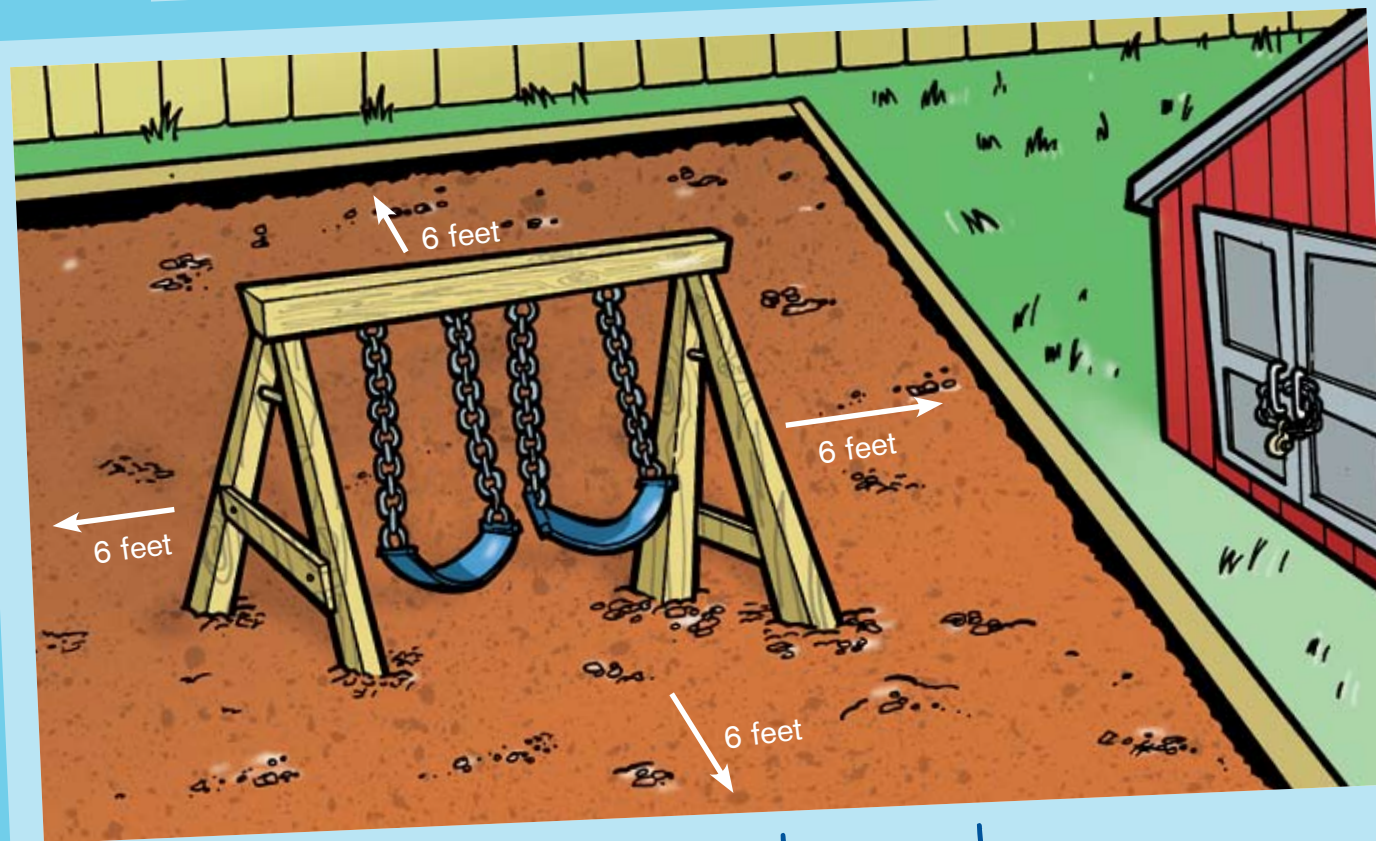

2 Our Kitchen

A grownup should always be in the kitchen when food is cooking.

3 Our Bathroom

A grownup should be in the room when a kid is in the bathtub.

4 Our Backyard

There should always be soft surfacing under and around play equipment.

If you see something that isn't safe, you should call out,
**"Code Red Rover,
Grownup Come Over!"**

This will let grownups know that they need to fix the danger.
